

Ann S. Adams
A Dialogue with Nature

HOUSTON, TX—Gremillion & Co. Fine Art, Inc. is pleased to announce an exhibition by American painter Ann S. Adams, with an opening reception on Thursday, December 8 from 6-8 p.m. *A Dialogue with Nature*, an exhibition of Adams' most recent works, explores her ongoing dialogue with nature in which light and shadow are interwoven to reveal a rich and never ending play between color and form.

The works in *A Dialogue with Nature* run parallel to a tango: compositions capturing orchestrated moments of contrasting forms, balancing serene quietude joined with the counterpoints of staccato passages to mesmerize and arouse our curiosity in familiar surroundings. Adams' enigmatic mastery of her medium has resulted in vibrant patterns of color, shimmering light, and contrasting shadows to reveal her vision that serves as a portal into a verdant garden of the imagination. In which the ambiance of nature remains as the constant, an ancient and contemporary metaphor for life.

The exhibition will run through January 7, 2016. Gallery hours are Tuesday-Saturday 10 a.m.-6 p.m.

Artist Statement:

Every individual has a story to be told and as such, these works have evolved out of my ongoing visual observation of nature's cycles in response to the seasons. Like a diary, each piece documents my response to the natural currents of change filled eddies, echoes, and refrains of past journeys in contrast to the imagined dreams and promise of unknown paths we are yet destined to travel. Surrounded in life's richness, it is my desire to share with others and invite all to celebrate the wealth of their experience through these works.
